Found in Pennsylvania Magazine of History & Biography

Vol. 32 Year: 1908 pg: 71-87 (discrepancies in para ( ))

[In the Manuscript Department of the Historical Society of Pennsylvania is an interesting old account book, - "The Honourable James Hamilton Esq. his account current with Richard Peters," - which contains Marriage, Public House, Pedlar, Horse Jockey, Indian Trader, and Insurance Licenses; Pallports, and Ship Registers, issued between 1748 and 1752. The Reverends Backhouse, Ross, Currie, Acrelius, and Schlatter appear to have been the favorite clergymen of that day. It is also of record that the Governor paid pew rent a Christ Church £8. annually; that from 1749-1752 he subscribed £50. to the Academy

The following List of Marriage Licenses is not included in those printed in Pennsylvania Archives, Second Series, Vol. II.]

The list is sorted by Grooms Last name and then a separate list for Bride's Last Name. When transcribing for the web I found that the original transcription had both Groom and Bride Last name alphabetically making all names listed twice. Where there was a discrepancy between names, I listed both.
