*Transcribers Note: This is the first of two lists found in two books, both dated 1790*

*I have added [Book I] to the Title, but it does NOT exist on the book recorded on microfilm.*

*In the original books, dates were only placed next to a name which headed a list of names --*

*a list could be a whole page within the alphabet, or just one of several separate lists within the alphabet.*

*I have added the date next to each name, but use with caution, as ditto marks were a sometimes occurrence*

*Some names are slightly illegible. Check original source for verification.*

**Washington County Personal Property and Land Book 1790 [Book I]**
