

The Hattery Family
By
Stella F. Strausbaugh
1961

Our earliest contact with the Hattery family is found in Cecil County, Maryland, a place called Earlville. In the records of St. Stephens Protestant Episcopal Church in Earlville are the following birth records.

In volume 1, page 37-James Hatrey, son of Henry Hatrey (4-1) and Christian his wife, born 16 December 1709.

In volume 1, Page 37 - Mary Hattery (5-2) daughter of Thomas Hattery (4-2) and Sarah, his wife, born 10 December 1714.

It is quite logical to assume that Henry Hatrey (4-1) and Thomas Hattery (4-2) were brothers. You will note the difference in spelling. It was copied as found but even in the same document will be found several spelling variations. In later generations it has become Hattery but pronounced as if spelled "Hatry" in Pennsylvania Archives 3rd Series, volume 24, page 435 under Warrentees of Land, Lancaster County 1733-1896 we find:

William Hatry	24 acres	15 March 1750
Henry Hatry	50 acres	15 March 1750

This Henry Hatry could be Henry (4-1) mentioned in St. Stephens records and William Hairy could be another brother or their could be no connection. Neither would be young. Land records in Maryland were searched but no further mention of either Henry (4-1) or Thomas (4-2) was found. James (5-1) the son of Henry (4-1) is recorded as still in Cecil County when his will was filed. It can be found in Liber 30, Folio 336 in Annapolis Hall of Records and reads as follows:

In the name of God Amen, this sixth day of May 1757, I, James Hatry (5-1) of Cecil County and Province of Maryland being very sick and weak in the body but of sound mind and memory, thanks be to God for the same, I do therefore make and ordain this my last will and Testament in manner and form following. First I give and recommend my soul to God that gave it me and my body to be decently buried at the discretion of my Executrix. As to my worldly goods I give and dispose as follows: Imprimis, I give and bequeath unto my daughter, Susannah (6-3) the sum of twenty shillings current money and no more. I likewise give and bequeath to my daughter Mary (6-4), the sum of twenty shilling current money and no more. I likewise give and bequeath to my daughter, Rebecca (6-5), the sum of twenty shillings current money and no more. I likewise give and bequeath to my daughter, Elizabeth (6-6), when she come to age, the sum of twenty shillings current money and no more. I likewise give and bequeath to my daughter, Ann (6-7) when she comes to age, the sum of twenty shillings current money and no more. Item, I give and bequeath to my beloved wife, her riding mare called Fany with her saddle and bridle and also my best feather bed and furniture as a Legacy. As to the remainder of my Estate, my just debts being paid, I give and bequeath one third part thereof to my beloved wife and one third part to my son Joseph (6-1) and one third part to my son Thomas (6-2). I likewise leave said Sons to the care and management of my wife, Anna. Lastly I appoint, constitute and ordain my wife, Anna, Executrix of this my last will and Testament hereby revoking all other wills by me make. Ratifying and confirming this in Testimony whereof I have hereunto set my hand the day and year aforesaid.

How many of the family, after the death of James Hatry, moved across the water into the state of Delaware is not known. Records of Joseph, Thomas and Susannah were found in New Castle County, Delaware and it seems reasonable to think that they probably moved as a family.

The Delaware Archives page 313 lists Thomas Hatrey as discharged from Capt. Enoch Anderson's Company in the Delaware Regiment on 10 February 1777. On page 553 Thomas Hatrey is in a list of soldiers recruited by Enoch Anderson, Capt. On page 998 we learn that Thomas Hattery signed the Oath of Allegiance on 17 August 1778.

The New Castle County, Delaware Probate records show that Letters of Administration on the estate of Susannah Hattery (6-3) were granted to Eons Howell on 25 January 1815. The estate was settled 7 March 1816.

In the records of Immanuel Episcopal Church in New Castle, Delaware, recorded the marriage of Joseph Hattery (6-1) and Hester January 1764.

In the same records is recorded the birth of son, James (7-1), to Joseph and Hester (Dushane) Hattery on 14 November 1765.

In the will of Rachel (----) (Dushane) Cazier in New Castle County Will book L - 1 - 146 probated 23 March 1779 we read: (The will is undated) Being sick and weak in body but of sound and perfect mind and memory she disposes of her worldly estate as follows:

To son Andrew Dushane	L 150
To daughter Hester Hattry	L 100
To daughter Rachel McCantire	L 150
To daughter Lydia Eliason	L 50, and L 150 to be paid to her children when they arrive of age to receive it and meanwhile the interest to go to their support.

To my daughter Susannah Cazier - - - - L 150

I give and bequeath the residue and remainder of my estate to Joseph Hattery's (6-1) children namely James (7-1), Andrew (7-2), Thomas (7-3), Lydia (7-4), and Rachel (7-5) to be equally divided among them and to be paid as they arrive of age to receive it and the interest to go yearly to their support.

Jacob Cazier sole executor.

Administration "memo" - Rachel Cazier, widow late of Pencader Hundred.

The 1790 Census of Bedford County, Pennsylvania shows Joseph Hatrey (6-1) with three males over sixteen, three males under sixteen and two females. It appears that either Hester has died or perhaps one daughter has married but we have little chance of learning her name.

The 1800 census of Somerset County, Penn. shows Joseph Hattery (6-1) with one male sixteen to twenty-six and one male forty-five and up. Probably himself and son Thomas (7-3). Hester must be dead. Somerset was made from part of Bedford County in 1795 and it is quite likely that Joseph (6-1) was in the Somerset section in 1790.

The 1800 census of Somerset County also lists James Hattery (7-1) with three males to ten years, one male twenty-six to forty-five (we know James was born 1765 so he would be thirty-five years), one female twenty-six to forty-five (his wife Margaret).

And Andrew Hattery (7-2) with one male to ten years, one male twenty-six to forty-five, two females sixteen to twenty-six and one female forty-five and up (probably one female is a hired helper).

The 1810 census of Somerset County lists James Hattery (7-1) with one male to ten years, four males ten to sixteen, one male twenty-six to forty-five (he would be just forty-five), two females to ten and one female twenty-six to forty-five.

The 1810 census lists Andrew Hattery (7-2) with four males to ten years, one male ten to sixteen, one male twenty-six to forty-five, one female to ten and one female twenty-six to forty-five.

The 1810 census lists Thomas Hattery (7-3) with one male twenty-six to forty-five and one female twenty-six to forty-five. It appears that Thomas got married and Joseph probably died as he is not listed.

In 1816 Andrew Hattery and his wife Rachel (Smith) Hattery sold a farm and probably moved to Brooke County, Virginia as our next record of them is there.

On 11 May 1818, James Hattery (7-1) and Margaret Hattery his wife then living in Tuscarawas County, Ohio, sold a farm in Somerset County to Joseph Hancock of the said Somerset County.

No Hatterys were found in the 1820 census of Somerset County, Penn.

James Hattery (7-1) married Margaret Hunter in 1793. They migrated to Tuscarawas County, Ohio, in 1814. They came in a covered wagon and settled on a farm near Sugar Creek, Ohio. They lived there until they died and were buried in a family plot on the farm. Their children were:

- 8-1 - Charles Hattery born 15 September 1794
- 8-2 - Andrew Hattery born 25 September 1796
- 8-3 - Joseph Hattery born 4 August 1798
- 8-4 - Alexander Hattery born 30 December 1800

- 8-5 -Margaret (Peggy) Hattery born 1 December 1802
- 8-6 -Abel Hattery born 10 October 1804
- 8-7 -Thomas Hattery born 16 September 1806
- 8-8 -Mary Hattery born 17 July 1808
- 8-9 -James Hattery born 6 March 1811
- 8-10 -Ephraim Hattery born 13 January 1814

Andrew Hattery (7-2) married Rachel Smith probably in Somerset County. At least he lived there after he married and it is likely that he married a local girl. In a History of Northwest Ohio found by Millicent Skaggs in the Mesa, Arizona, Genealogical Library is the following data: he lived in Brooke County, Virginia and the names of two sons, Josiah and Nathaniel. Later we turned up additional data on Andrew (7-2). Five males beside himself were listed in Andrew's family in the 1810 census of Somerset County, Penn. He probably moved to Brooke County after selling his farm. in Somerset in 1816. The children of Andrew and Rachel were:

- 8-11 - James Hattery
- 8-12 - Eaton Hattery
- 8-13 - John Hattery
- 8-14 - Joseph Hattery
- 8-15 - Andrew Hattery
- 8-16 - Thomas Hattery
- 8-17 - Edward Hattery
- 8-18 - Josiah Hattery born 1821 in Va. He died 27 Jan. 1880. (son of 8-2)
- 8-19 - Lydia Hattery (you will remember Andrew (7-2) had a sister Lydia)
- 8-20 - Rachel Hattery (and also a sister Rachel)
- 8-21 - Nathaniel Hattery Sr., born 1822 in Brooke County, Va. Nathaniel died 12 March 1882.

No trace of Thomas (7-3) Hattery the youngest son of Joseph (6-1) except the Somerset census of 1810, although we have a dozen unplaced descendants of some Hattery. One claims to be born in Virginia and descended from a Thomas Hattery.

Andrew Hattery (8-2) the second child of James (7-1) and Margaret (Hunter) Hattery was born 25 September 1796, while the family still lived in Somerset County, Penn. He was nearly eighteen years of age when the family moved to Tuscarawas County, Ohio. James (7-1) gave part of his land to Ephraim (8-10) but kept the homestead which eventually became Andrew's (8-2). On 25 November 1832, Andrew married Mary Anti Knisely, born 21 February 1808 to John Knisely, Jr. and his wife Mary (Wolfe) Knisely. Mary Ann died 21 February 1845 and was buried in the family plot. Andrew died 31 March 1879. He was Justice of the Peace for many years. Andrew was a medium tall, slender man with red hair and wore a flowing beard. He was a highly respected man in the community.. Andrew and Mary Ann had the following children:

- 9-1 - Eunice Hattery born 2 March 1833 at 3 PM in the sign of the scorpion
- 9-2 - Esais Hattery born 23 February 1835 at 55 mm. AM in the sign of the goat
- 9-3 - Rufus Hattery born 11 November 1836 at half past: 5 o'clock AM
- 9-4 - Jonas Hattery born 21 March 1839 at half past 5 o'clock AM
- 9-5 --Emetine Hattery born 28 March 1841 at half past 9 o'clock AM
- 9-6 - Zairian Hattery born 24 March 1842 at half past 6 o'clock in the sign of the goat
- 9-7 - A son dead born 20 February 1845 at 11 AM

The above birth records were found in Andrew's handwriting, the last entry read "Mary Ann K. 1-lattery died February .1st A.D. 1845 at 5 o'clock aged thirty-seven years.

Both Andrew (8-2) and Mary Ann were buried in the family plot on the farm along with other relatives. In early 1949 before the farm went out of the family the remains of all buried there were removed to Union 1-lill Cemetery. Among them was Mary Jane Miserly, eldest child of Christian and Eunice (9-1) Miserly. She was a young woman of twentyone who had gone in 1878 to visit her grandfather and died while there. It is believed that John Knisely Jar, father

of Mary Ann was buried there. The will of Andrew Hattery (8-2) is in Administration hook 6, page 29 in Tuscarawas County Courthouse at New Philadelphia. It was admitted to Probate 10 April 1879 and Letters of Administration given to Azariah Hattery with Esais, Rufus and Emeline as sureties; bond was set at \$6000.00. The executors were dismissed 5 April 1884.

Joseph Hattery (8-3) the third child of James and Margaret (Hunter) Hattery was born 4 August 1798 in Somerset County, Penn. He died 1846. The name of his wife is not know. Their children were:

9-8 - Phoebe Hattery born 1.834.

9-9 - Ephraim Hattery born 1836.

9-10.- Rachel Hattery born 1837.

9-11 - Andrew Hattery born

9-12 - Folly Hattery born

The data on Joseph Hattery (8-3) is pieced, together from estate and census records. In the Courthouse at New Philadelphia, Ohio in Will Book transcribed 1,2,3, page 288: Ephriam Hattery (8-10) was appointed Guardian in the estate of Joseph Hattery (Case #400 A dated October 1846) of Ephriam, Rachel, Andrew, Folly and Phoebe.

On page 205 in the 1850 census of York Twp., Tuscarawas County, Ohio, Phoebe is sixteen years old, born in Ohio and living with Jacob (32 years) and Barbara (32 years) Weldy (born in Ohio and Penn).

On page 417 of same book is Rachel Hattery aged thirteen, born in Ohio, living in Sugar Creek Twp., with Benjamin (28 years) and Martha (24 Years) Hochstetter, both born in Ohio.

On page 429 in the same book is Ephriam Hattery aged thirteen, birthplace unknown, living in Sugar Creek Twp., with Jacob (30 years) and Mary (26 years) Shonk, born in Ohio and Penn.

Thomas Hattery (8--7) is the seventh child of James (7-1) and Margaret (Hunter) Hattery. He was born 16 September 1806 in Somerset County, Penn. Thomas married Barbara - - - -; and died between 1847-50. Their children were:

9-13 - Amos Hattery born 1835

9-14 - Sophia Hattery born 1836, married Frank Gardner.

9-15 - Elizabeth Hattery born 1837, married Jacob Weiss.

9-16 - Allen Hattery born 1838

9-17 - Alfred Hattery born 1840

9-18 - Aaron Hattery born 1842

9-19 - Ananias Hattery born 22 March 1847

9-20 - Abel Hattery - may have been born between 1842 and 1847, his record is very vague.

In the courthouse at: New Philadelphia, Ohio, we found on Appearance Docket No. 1, page 22, the case of Andrew Hattery (8-2) Guardian vs. Barbara Hattery now married to Henry Critzinger of said county. The text of the case said that

Thomas Hattery died intestate leaving surviving "Barbara Hattery now married to Henry Critzinger and the children Amos, Sophia, Elizabeth Allen, Alfred, Aaron, Ananias and Abel."

The 1850 census of Sugar Creek Twp., Tuscarawas County, Ohio, on page 422 lists Barbara as 30 years of age and born in Penn. and John Critzinger as 25 years of age and born in Germany. All the children except Abel are listed in the household of Barbara.

Mary Hattery (8-8) the eighth child of James (7-1) and Margaret (Hunter) Hattery was born 17 July 1808 in Somerset County, Penn. She married Silas Clark. They had:

September 21, - Aizira Clark who married ----- Haskins.

James Hattery (8-9) the ninth child of James (7-1) and Margaret (Flunier)

Hattery was born 8 March 1811. We have no further information on this man.

Ephraim Hattery (8-10) the tenth child of James (7-1) and Margaret (Hunter) Hattery was born 13 January 1814, probably

in Somerset County, Penn. His family moved to Tuscarawas County, Ohio, sometime in 1814. Ephraim died 23 November 1899 and is buried in Union Hill Cemetery near Sugar Creek, Ohio. Ephraim married Mary Favre (Fevre, Faber) who was born 13 May 1821 and died 13 April 1878. The census of 1850 lists James Hattery (7-1) in the home of Ephraim (his son), his age as 85, he was blind, born in Delaware. They had these children:

- 9-22 - Isaiah Hattery born 30 January 1838 in Tuscarawas County, Ohio; he died 13 April 1850 and is buried in Union Hill Cemetery.
- Dr. Hiram Douglas Hattery born 25 May 1845 in Tuscarawas County, Ohio. Hiram married Isabelle Fox. Issue.
- Amanda Hattery born 1 June 1844 or 48 in Tuscarawas County, Ohio. Died 11 August 1900, married Dr. D. G. Tuttle born 11 May 1838 and died 19 June 1921. Issue.
- Dr. Seth Hattery born 7 July 1849 in Tuscarawas County, Ohio and died 3 April 1940. On 22 November 1882 Seth married Cora Woodling who was born 9 September 1859 and died 29 January 1937. Seth was a physician in Bolivar and later lived in Massilon, Ohio. Seth and Cora celebrated their 50th anniversary in Massilon, Ohio, in 1932. Both are buried in the Cemetery at Strasburg, Ohio.

This grave with others was removed to Union Hill Cemetery in 1.949. All information on Ephraim (8-10) came from Euba Lingler (10-16) of Sugar Creek, Ohio.

HIRAM D. HATTERY M.D. – Success does not depend so much upon the possession of talents or powers unusual to the majority of mankind as upon the exercise of those qualities which are common to us all. Absolute capability often exists in specific instances, but is never brought into the clear light of utilitarian and practical life. Hope is of the valley, while effort is climbing the mountain side, so that personal advancement comes not to the one who hopes alone, but to the one whose hope and faith are ‘those of action. Thus is determined the full measure of success to one who has struggled under disadvantageous circumstances, and only prostrate mediocrity to another whose ability has been as great and opportunities wider , Then we may well hold in high regard the result of individual effort and personal accomplishment, for cause and effect here maintain their functions in full force. Dr. Hattery’s prominent position in the business world is but the legitimate result of well directed and earnest effort, of resolute purpose and laudable ambition, and to-day he ranks among the leading citizens of Logansport, with whose interests he has been allied for twenty-two years.

The Doctor was born in Shanesville, Tuscarawas County, Ohio, on the 25th of May, 1845, and is a son of Ephraim and Maria (Fabra) Hattery. His father was a native of Ohio and was of Scotch-Irish descent and his mother was born in Heidelberg, Germany. They were married in Ohio and located on a farm in that state, where the mother’s death occurred when she was aged fifty-one years. The father is still living, on the homestead farm in Ohio, and has passed the eighty-fourth milestone on life’s journey. They were parents (of two sons and two daughters.)

Dr. Hattery was reared in the usual manner of farmer lads, and supplemented his early educational advantages by a course of study in the Hagerstown Academy, of Hagerstown, Ohio. For four years he engaged in teaching school, and during that period began the study of medicine, entering’ upon the active practice of his chosen profession in Amboy, Indiana. In 1873 he was graduated in the Miami Medical College, of Cincinnati, Ohio, and then took up his residence in Waupecong, Indiana, whence he came to Logansport in 1876. Here he entered upon a successful career, his proficiency and comprehensive understanding of the principles and practice of medical science gaining him a foremost place among those who devote their energies to that calling. He is a member of the Logansport Medical and Surgical Society and among his patrons he numbers many of the best families of the city in which he makes his home. He is man of resourceful ability, and his efforts have not been confined alone to the line of his profession, for throughout almost his entire

residence in Logansport he has been connected with its commercial interests through capital invested in the drug business. In 1890 his son, Andrew Hattery, established a drug store at the corner of Miami and Plum streets, Logansport, successfully conducting the same for three years when his career was ended by death. The drug store was then sold, but after a year the Doctor re-established the business, which he has since carried on, having now one of the best equipped stores in his line in the city.

He is also a recognized leader in the ranks of the Democracy and is unfaltering in his support of the principles of his party. During the campaign of 1896 he labored most earnestly in its behalf, fully believing that the only solution to the national finance question lies in the free and unlimited coinage of silver at the ratio of sixteen to one. In 1836 he received, entirely unsolicited on his part, the nomination for congress, and made a very creditable canvass, although he failed to overcome the strong majority which the Republicans have in this district. In 1892 he was elected on the democratic ticket as a member of the presidential electoral college, he has also been honored with a number of local offices; was a member of the Logansport school board for three years, serving as its president one year; was a member and secretary of the board of health of the city, and is now serving his fourth term as a member of the city council he has ever been most prompt and faithful in the discharge of his official duties laboring earnestly for the best interests of the community, and has won the high commendation of both parties.

Socially the Doctor is a Master Mason. His home life is pleasant and he and his family have a wide circle of friends. He was married to Miss Isabelle E. Fox, and to them were born two children, but the son, Andrew J. is deceased, The daughter, Uba, was graduated in the classical department of De Pauw University, and is now employed as teacher of Latin in the high school of Logansport. In the practice of his profession, in the conduct of his commercial interests and in the discharge of his official duties, his reputation is unassailable. He is an honorable, upright man, active in business, ever true to the trust reposed in him, and in Logansport he is held in the highest regard.
