

BGB 551 Links to Miscellaneous Brouwer Documents

2017 is the year I clean up my Brouwer (Brower and Brewer) Genealogy files. I'm working through hundreds of files, identifying ones that may be of help to future researchers and making them available online. Some are already there, but others have been overlooked until now.

Below are links to various documents that have been collected over the years while researching Brouwer families. They are various files, records, letters that I have only recently made available online. The documents have been placed online as PDFs on RootsWeb's Free Pages. They will remain online so long as RootsWeb, owned by Ancestry.com, maintains the sites.
