[p. 15] Sir, This & the enclosed I have collected from the papers of James Culbertson dec'd. I found them scattered in different places in a very disarranged situation. They are so still, but may probably answer a good purpose. There are amongst the receipts a number of duplicates which will prove they have never been delivered at any public office for settlemt. I have been informed Culbertson did never make a final sett'mt. of his public business & have enclosed you herewith two letters which seem to corroborate the information. It appears from letters found with his papers that he had apptmts. to act in the Qr. M. Department Comy. of purchases & Issues both of provision and forage. I am your mo. obdt. servant. Robert Porterfield. 16th Nov. 1789. To. Col. Davis.
