Silver Grays

We find the following notice concerning the Cambria County Silver Grays in the Harrisburg TELEGRAPH of Friday last:

Captain Palmer marched into the city this morning from Camp Curtin, with the view of being mustered into the service of the United States, but as the ages of the members were considerably over the limit fixed by law, the mustering officer, Capt. Dodge, postponed that duty until he received further orders from Washington. The "Grays" then returned to Camp Curtin where they will remain until the question of their acceptance is determined by the proper authorities.

Inasmuch as the formation of this company was countenanced by the State authorities, Gov. Curtin having given his express approval to it, we think it would be indeed bad policy to refuse to accept its service. The officers and members who experienced much inconvenience in the premises, got up the organization with the express understanding that it was to add its efforts to help save the Republic and their patriotic desires should not be interfered with now. We hope to hear of the Silver Grays being "sworn in" at the earliest practicable moment.
