

Index of SCV Microfilm 1965268

1877, 1878, 1880, 1881, 1883, 1884

Prepared by Richard A. Danca, March 2002

Notes

1. This film contains only some records for the years listed. It's actually more of a table of contents. There is no index on the film.
2. I have listed only the main category of information for each record: marriage, death, birth. However, most of these include supplemental information. That is, marriage records frequently include birth records of the bride and groom, death records of their parents (if appropriate) and other information. So, if you see any familiar names, be sure to look at all the records under that or those names.
3. Some records are out of numerical order. However, I've listed them in the order in which they appear on the microfilm.
4. For reasons I can't explain, the film includes several records from another commune, Villalba. To keep the order correct, I've included them--but put them into *italics*.
5. I apologize for any errors that may appear, and for names I couldn't read. Please send corrections and additions to me: rdanca@ix.netcom.com
