Brotheringlan

With pleasure do I now embrace
the moments thus afforded me
of addressing you thus hoping
when this reaches you it will find
you in the same state of health
and blessings

we have a very early spring this
year the oats are about all sowed
and there is a bright prospect
for frute this year if the frost
does not come and kill them
the Peaches & Apples & Farts are
in blossom and I think we will
have a great many grapes if nothing
happens

when you answer this please
let me know if your Children
is all situated in town as they
were when I was there
and let me know how the
new Church that they had started
when I was there is prospering
it was the Church of God!!

please let me know how the friends
are prospering in Iowa as I have
not heard from them for a long time

and if you know where Richard
Wardham is living please let know
I would like to ~~know~~ hear from
the friends in Holidays burgh I
heard that Sister Betty Smith
had moved to Philadelphia

if there has been any deaths that I
was acquainted with I would like to
know I would like to go to see
you but I guess I will not trust
myself to go so far. I am

enjoying as good health
as I could expect I will
now bring my writing to a
close wishing you a distant good by
