Notes for John Baldwin:

Remembered in the WILLS: of his Grandmother in 1622 and Uncle in 1632/3 and brother Richard in 634. The late Mr. Chester (who made the remarkably successful investigation into the Genealogical History of the Baldwin's, in England, from which this is the main is taken says that after signing the Bond in 1637, no further trace of John is to be found in England). As will be seen, his cousins, Baldwin's, Bryan and Stonehill, emigrated to America and it is very likely he was the "SETTLER" John Baldwin, in Milford, Conn.

John's homestead was original lot # 13 in Milford on the West side of the river, a little northwest of the Town Hall, on the premises now or lately occupied by REV. Asa M. Train. John was not a "Free Planter," but was a Settler, because he was not a Church Member. John, however, joined the Church, March 1, 1648. It seems that John Sr. of Milford was a cousin or nephew of Sylvester who died on the Ship "Martin" in June or July of 1638. John was probably from Bucks County, as his childrens names were common there.
