Marriage Consents

This picture was
drawn on the outside
of the consent of:
Lipple, Ellen and
Kiser, John   13 Jan 1845

A rather nice "find" from the
usual very small piece of paper
with the consent given to the judge.

The copy of the consent, below, is the actual size of the
early consents . . sometimes tough to read . . we tried to
check the consent with the marriage records to help make as good as reading as possible.

Mr Rouch sir please to give

my daughter Jane given under my hand

The Board of Trustee has voted to give the 1986 paid members the copy of "Marriage
Consents" . . we hope it will be of help to you in your search of Crawford Co. Families.

We are indebted to: Mr. Warren Guinther for translating the many consents that were
written or signed in German. Thank you Warren for helping us with this project.
Also, many thanks to the gals in Probate Court who gave extra hours and worked with us
in abstracting the record. . . thanks are due to the members who went in and helped too.
The completed project represents many hours donated. . . the writing often is difficult
to read and each consent abstract was proof read against the Marriage Record in an effort
to get the best reading possible. The Consent Letters were sent with the applicants when
the parent or Gdn. did not appear personally with the applicants. Of course there are
other "under age" applicants that do not appear here because someone vouched for them in
person, but that would be written on the license application. It is hoped that you will
find the name of a parent that you may have been looking for over the years. . . . . .

A few misc. consents were found as follows with problems . .
Quigg, Tobias gives permission for dau. to marry, she of age. no names, date or place.
Jones, Henry & Margo, wit: Jones, Charles, Swartz, Jacob A. . no bride or groom is given.
