

Haldimand Papers conversion List

Guylaine Pétrin made this list and is happy to have it shared on [Randy Saylor's web site](#).

© **Guylaine Pétrin, April 2014**

This list allows easy conversion between the LAC films of the Series B transcripts (H-####), the Series B transcript volume numbers (B-###), the Add MSS ##### number from the British Library and the WMD film number of the actual papers.

Hand written transcripts of the Haldimand Papers done by the Library and Archives Canada (LAC) were filmed in 3 batches and they are the ones now available on the [Heritage Canadiana Website](#).

In 1969, the "B" series volumes B-105 (Add. MSS 21765), B-106 (Add. MSS 21766), B-166 (Add. MSS 21826), B-167 (Add. MSS 21827) and B-168 (Add. MSS 21828), together with a nominal index to them, were microfilmed on reel C-1475. These volumes deal with the Loyalists.

In 1972, volumes B.69 to B.71 (Add. MSS. 21729 to 21731) were also microfilmed on reel C-4652.

Then from 1983 to 1986, microfilm copies of all the transcripts were made in two batches. The first 35 films on reels H-1428 to H-1455, H-1649 to H-1655, H-1685. The second batch of 10 films on H-1736 to H-1745 (10 films).

Some of the microfilms are missing on heritage.canadiana.org. Hopefully, they will be added in the future.

The original Haldimand Papers were filmed by LAC and are available in Ottawa on 98 films. World Microfilm Publishing (WMP) copied these films on 115 reels of microfilm. The AO purchased 50 of these films from WMP and they are: #5; 12; 23; 29 to 33; 35 to 52; 54 to 57; 76; 78; 80 to 85; 97; 99; 102 to 105 and 109 to 114. These are catalogued at the AO as XX ##.

When citing the Haldimand papers, the citation should contain the Add MSS number and the page number, as well as a description of the volume included in the Add MSS and appropriate film numbers.

Hopefully, this conversion list will allow one to find the original whether the reference includes the H film, the B series volume, or the Add MSS or the WMP reel number.
