## First Generation

**1. John Bancroft** was born circa 1700, died in 1756 in Carrington, Cheshire aged 56, and was buried on 17 Dec 1756 in Bowdon St Mary, Cheshire.

General Notes: John Bancroft was first married to Mary Warburton of Sinderland, who was probably of the Hale Barns clan. They had 4 children and Mary died in 1737.

John Bancroft fathered an illegitimate child with Elizabeth Warburton. The child was called Bancroft Warburton and baptised on November 2nd 1738. The parents are described as 'of Sinderland'.

On May 2nd 1749 a John Bancroft married Elizabeth Warburton.

John's will, dated December 11th 1756, and proved on January 4th 1757, refers to his wife Elizabeth, his brother-in-law John of Sinderland (his first wife Mary's brother), and makes a bequest to Bank Warburton (£20).

Furthermore an Elizabeth Bancroft of Prescot was buried at Bowdon St.Mary on January 10th 1775. Bancroft Warburton lived and held land in Penketh and Great Sankey, within Prescot parish.

Thus it would seem that John was the father of Bancroft who was born 17 months after the death of his first wife Mary. The Elizabeth Warburton he later married was probably Bancroft's mother. Elizabeth's background is uncertain but it is possible she was a relative of Mary and went to help John look after his young family after Mary's death. They maybe felt unable to marry until John's children were no longer dependant on him.

John married **Elizabeth Warburton** on 2 May 1749 in Bowdon St Mary, Cheshire. Elizabeth was born circa 1715 and was buried on 10 Jan 1775 in Bowdon St Mary, Cheshire.

The child from this marriage was:

A third messuage, held on a leasehold for 3 lives 'all in being', in Great Sankey was left to James subject to payment of £350. If any son chose to refuse the estate bequeathed him it passed to the next son on the same terms with the proviso no son could have more than one estate.

After one year all farm stock and unwanted household good were to be sold. Enough of the proceeds from these sales and the estates were tp be placed at interest to provide Elisabeth £50 per years until she remarried or died.

As John, Thomas, James, Margaret and William had all had £100 to promote them in the world, then Mary and Joseph should have the same on reaching 24 years old. The residue of the estate was then to be divided equally between all the children.

This has been something I have always wanted to do. My interest goes back to my Dad who told me that the Warburton name goes back to Saxon times (don't know how he knew this) But it must have got me hooked. I used to live in Irlam. Near by is a village called Warburton which also kept me thinking could I have connections to the village. I also know that there is some connection to the name Werburgh which has a connection to the Chester area. I have been tracing my tree for about 2 years off and on depending on work. I do seem to have stopped at 1738 and need advice.
