This profile is from is from Ancestry, surname Warbritton, which suggests Warbritton is derived from Warburton. There is a family story the name was changed during the American War of Independence.																																																		
Warbritton	USA	USA	13	24	14	11	11	14	12	12	12	13	13	30	16	9	10	11	11	25	14	19	30	15	15	16	16	11	11	19	23	16						12	12	13	12	12	12	30	12	11	24	22	13	10	R1b1a2
02 - Garryhinch Clan. These results are from desendants of 2 brothers who lived ain Ireland in the 17th Century. The family claimed kinship with the Warburtons of Arley Hall so this might be the profile brought to England in the Norman Conquest by Odard de Dutton.																																																		
H1566	George (c1640-1709), Garryhinch, Ireland	Isle of Wight	12	23	15	10	12	16	11	14	11	13	11	29	16	8	9	10	11	23	15	20	30	11	12	16	16	10	11	19	19	16						13	9	14	13	6	13	32	13	11	22	25	14	11	J2
H1571	Richard (c1637-1717), Garryhinch, Ireland	Prince Edward Island	12	23	15	10	13	16	11	14	11	13	11	29	16	8	9	10	11	23	15	20	30	12	13	16	16	10	11	19	19	16						13	9	14	13	6	13	32	14	11	22	25	14	11	J2
03 - Warburton Village clan. Although from the same clan these results include a mismatch, so at least one of them must result from a 'non-paternal' event.																																																		
H1565	Thomas (c1557-1627), Warburton, Cheshire	England	13	22	14	10	13	14	11	14	11	12	11	29	14	8	9	8	11	23	17	21	29	14	15	15	16	10	10	19	21	13						12	10	16	14	11	13	31	12	12	21	23	13	11	I1a - AS13
